

HEAT TREAT SUMMIT NORTH AMERICA

New Trends
and Best
Practices

Sept. 14-16, 2015

Four compelling seminars combined into one extraordinary event to present the latest engineering solutions and technological developments for thermal processing.

This unique engineering symposium will feature general interest sessions and four separate product tracks – **Aluminum Furnaces, Atmosphere Furnaces, CAB Brazing and Vacuum Furnace Technology.** Attendees may select sessions in their specific areas of interest.

GENERAL SESSIONS

Dr. Richard Sisson will open the event with the latest developments in Nanomaterials from the Center for Heat Treating Excellence (CHTE), Worcester Polytechnic Institute, followed by Dan Herring, The Heat Treat Doctor® presenting the Heat Treat Market Outlook for 2015. Steve Kowalski, 2015/2016 ASM Heat Treat Society President will provide insights into the future of the Society.

► OPTIONAL ACTIVITIES

MONDAY, SEPTEMBER 14

- Optional Golf Outing, Peek'n Peak
- Optional Tour of GE Transportation, Erie
- Monday Night Football, wear your favorite team jersey

TUESDAY, SEPTEMBER 15

- Dinner & Lake Erie Bay Cruise on the Victorian Princess

WEDNESDAY, SEPTEMBER 16

- Shop Tour, Combustion Demonstration

TECHNICAL PROGRAM SUMMARY

This year's Summit will present SECO/WARWICK's engineering staff and 16 guest speakers representing the best minds in the industry. See program for specific information.

TUESDAY, SEPT. 15

8 AM – 9:00 PM General Sessions

- Industry Research & Market Outlook
- What's New in Control Systems
- Controls to meet Quality Standards
- The Heat Treat Society, 2015-2016

New Process & Technology Tracks

- Aluminum Heat Treat, Melting & Holding
- Atmosphere Applications, Surface Hardening
- Vacuum Advancements, LPC & Beyond
- CAB Brazing, Perfecting the Process

WEDNESDAY, SEPT. 16

9:00 AM – 11:45 PM General Session

- How to Control Costs with Bulk Atmospheres

Maintenance, Problems & Solution Tracks

- Aluminum Furnaces, Staying Online & Efficient
- Atmosphere, Maintenance & Alloys
- Vacuum, Pumps & Hot Zones
- CAB Brazing, Core Room Technologies & Muffles

Location: Sheraton Erie Bayfront Hotel, 55 West Bay Drive - Erie, Pennsylvania
