

VACUUM FURNACES

available for **QUICK DELIVERY**

High Vacuum Furnace - Vector HV

| | |
|-------------------------------|---|
| Useful dimensions (W x H x L) | 900x900x1200 mm |
| Maximum load gross weight | 1500 kg |
| Thermal insulation | graphite |
| Ultimate vacuum | 1×10^{-2} mbar |
| Max. quenching pressure | 15 bar abs. |
| Scope of supply | Furnace, control cabinet |
| Ready for shipment | 3 months from order |

Vacuum gas quenching furnace - Vector HPGQ

| | |
|-------------------------------|---|
| Useful dimensions (W x H x L) | 1500x1700x1700 mm |
| Maximum load gross weight | 3000 kg |
| Thermal insulation | All-metal |
| Ultimate vacuum | 1×10^{-6} mbar |
| Max. quenching pressure | 1,5 bar abs. Argon |
| Scope of supply | Furnace, control cabinet |
| Ready to shipment | 1 month from order |
